

**Subject: The Hampton Trust, (Hampshire & the Isle of Wight),
Conditional Cautioning and Relationship Abuse Project (CARA)**

Originator: Amanda Murr

Decision no. 33/2023

Reason for submission: For Decision

Submitted to: Police and Crime Commissioner (PCQ) - Giles Orpen-Smellie

Summary:

1. The Office of the Police and Crime Commissioner for Norfolk currently funds The Hampton Trust to deliver Project CARA (Conditional Cautioning and Relationship Abuse) a short rehabilitative awareness programme which addresses abusive relationship behaviours. Please refer to decision notice 32/2021. The Grant Agreement provided funding until the 1st of September 2023.
2. Project CARA with the permission of the Director of the Public Prosecution (DPP), allows the Police to use out of court disposals, conditional cautions for reported first-time domestic abuse (DA) incidents. The perpetrator must comply with attending a short rehabilitative awareness programme which addresses abusive relationship behaviours. If the offender fails to comply, then they may face prosecution for the original offence. Acceptance to the DA Conditional Cautioning scheme must meet specific criteria as set by the DPP and the Crown Prosecution Service (CPS).
3. The Hampton Trust began mobilisation of Project CARA in Norfolk in November 2019 as per the original Office of the Police and Crime Commission for Norfolk (OPCCN) Decision Notice 2019/64. Due to Coronavirus (Covid-19) measures implemented by HM Government, full mobilisation of Project CARA was delayed until the 1st of May 2021.
4. During this project it has been identified that the intervention, delivered by skilled staff, is having success and positive impact on those participating and those victims and children associated to the perpetrator. The project has enabled perpetrators to:

- a. Have an understanding and awareness of their abusive behaviours and the impact on others.
- b. Assisted and encouraged their self-awareness promoting access to further specialist support agencies.
- c. Encouraged peer challenge and learning.

Safeguarding, wellbeing and risk management of victim-survivors and children associated to the project has always been a priority throughout the intervention. Victims and perpetrators have reported positive changes in attitude towards them and their children.

5. Academic evaluation is currently underway with the University of Southampton in collaboration with researchers from within Criminology, Public Health and Social Care to deliver this research. This is alongside several other universities.
6. There is a need to extend the work of the Hampton Trust for a further 12-month period. Project CARA is an early response to perpetrator awareness and behaviour change which is offered to the right individuals at the right time. This intervention holds perpetrators to account and offers them opportunities to choose to change. It supports and enhances the safety and freedom (space for action) of victim-survivors and children allowing support to be offered.
7. Early prevention supports the strategic aims of the Norfolk's Domestic Abuse and Sexual Violence Group, Perpetrator Partnership Subgroup. The strategic aims include a key commitment to improve the response to perpetrator provision through appropriate resourcing of projects and programmes utilising national best practice, innovation and lessons learnt to address domestic abuse offenders' behaviours.
8. All terms and conditions remain as stated in the original Grant Agreement.

Recommendation:

It is recommended that the PCC for Norfolk support the extension of the funding provided in the Decision Notice 32/2021, between the 2nd of September 2023 until the 1st of September 2024 to enable the Hampton Trust to deliver Project CARA in Norfolk.

Outcome/approval by: PCC/~~chief executive/chief finance officer~~
(Delete as appropriate)

The recommendations as outlined above are approved.

Detail of the submission

1. Objective:

- 1.1 Project CARA is an out of court disposal, used by the Police for first time, standard or medium risk offenders of domestic abuse. CARA is part of a conditional caution, is an evidence based early intervention and supports the Home Office Domestic Abuse Perpetrator Intervention Standards (February 2023)
- 1.2 Project CARA is an early response to holding perpetrators to account offering them opportunity to choose to change, address their actions and attitudes to prevent domestic abuse recidivism and repeat victimisation. Project CARA is offered to the right individuals at the right time. Its priority outcome will enhance safety and freedom (space for action) for all victim-survivors, including children.

2. Background:

- 2.1 Tackling Violence Against Women and Girls (VAWG) the introduction of the Domestic Abuse Act (2021), Home Office Tackling Domestic Abuse Plan (2022) and Standards for domestic abuse perpetrator interventions (2023) supports and provides the necessary tools to increase the availability of domestic abuse interventions to address perpetrator behaviour. Evidenced based early intervention innovations and best practice such as Project CARA are required to motivate and offer opportunities for perpetrators to change their behaviours.
- 2.2 Project CARA with the permission of the Director of the Public Prosecution (DPP), allows the Police to use out of court disposals, conditional cautions for reported first-time domestic abuse incidents. The perpetrator must comply with attending a short rehabilitative awareness programme which addresses abusive relationship behaviours. If the offender fails to comply, then they may face prosecution for the original offence. Acceptance to the DA Conditional Cautioning scheme must meet specific criteria as set by the DPP and the Crown Prosecution Service (CPS).
- 2.3 Only those domestic abuse offenders who meet the specific criteria as set by the Director of the Public Prosecution (DPP) will be suitable for referral to project CARA:
 - The offender has made a full admission and accepts responsibility.
 - The offender has no previous convictions or cautions for domestic abuse in the previous two years.
 - The offender has not committed a serious offence.

- The express wishes of the victim are met by following this route after the victim has been provided with a full explanation of all options and their consequences.
- There is no evidence of coercive or controlling behaviour on the part of the suspect within the relationship which might influence the victim's views.
- DASH or other risk assessment tool shows that the risk to the safety of the victim and/or family not higher than the "standard" or "medium" classification.
- The conditions imposed for the disposal under consideration are in line with those identified as suitable and sanctioned by the National Policing Lead on Domestic Abuse.

2.4 The DPP guidance restricts the use of conditional cautions without their explicit authorisation. Seven counties were identified for further implementation of CARA to increase the cohort size in 2018 and 2019, which includes Norfolk.

2.5 The Hampton Trust began mobilisation of Project CARA in Norfolk in November 2019 as per the original Office of the Police and Crime Commission for Norfolk (OPCCN) Decision Notice 2019/64. Due to Coronavirus (Covid-19) measures implemented by HM Government, full mobilisation of Project CARA was delayed until the 1st of May 2021

2.6 The desired outcomes of this project will be to

- Targeted support for up to 200 male offenders of domestic abuse
- Support to assist attitudes, behaviour and risks of re offending for those attending and completing the CARA workshops.
- Reductions in the reoffending rates for domestic abuse perpetrators
- Reductions in the number of domestic abuse perpetrators who meet the DPP criteria going through the court process.
- Reduce repeat victimisation and vulnerability.

3. Areas for consideration:

3.1 As the operator of Project CARA Hampton Trust will be required to:

- Provide a targeted out of court alternative support by means of a conditional cautioning scheme based on 200 male offenders, referred by Norfolk Constabulary, where they meet the specific criteria as set out by and authority as granted by Max Hill, QC, Director of the Public Prosecution (DPP).
- Supervise and observe facilitators delivery of CARA courses.

- Deliver 20 workshops over a 2-year period for up to 200 perpetrators of domestic abuse – to assist a positive change in attitudes and associated behaviour and in turn reduce the risk of re-offending amongst attendees.
- Provide assessment and feedback of the participants in the group to ensure they are participating fully and notify Norfolk Constabulary where any breaches are identified.
- Signposting of participants in workshops to appropriate services including:
 - i. Domestic abuse perpetrator programmes
 - ii. Mental and other health issues
 - iii. Substance misuse/s
 - iv. Financial and debt management
 - v. Employment, including the DWP.

4. Other options considered:

4.1 Not funding The Hampton Trust to facilitate the continuation of this project. This option was rejected as Project CARA has been identified by robust academic evaluation which demonstrates this is an effective initial rehabilitation programme, delivered at an early stage to low-risk offenders, can reduce crime harm and the prevalence and frequency of reoffending, Kerry (2015), Strang et al (2017), Christie et al (2022) and current ongoing multisite evaluation University of Southampton in collaboration with other ARC Universities.

5. Strategic aims/objective supported:

5.1 The delivery of Project CARA supports the strategic aims and plans as set out in national guidance, policy and best practice regarding evidenced based perpetrator intervention, prevention, and protection which is key to stop repeat and serial perpetrators from reoffending and reduce crisis intervention.

5.2 The strategic aims of the Norfolk's Domestic Abuse and Sexual Violence Group, Perpetrator Partnership Subgroup includes a key commitment to improve the response to perpetrator provision through appropriate resourcing of projects and programmes utilising national best practice, innovation and lessons learnt to address domestic abuse offenders' behaviours. Project CARA supports the strategic aims of the partnership

6. Financial and other resource implications:

6.1 The total award of this grant value £30,000

- The grant period will be effective from the 2nd of Sept 2023 until the 1st of September 2024.

7. Carbon Emissions and Other Environmental Implications:

Carbon Emissions

7.1 The estimated impact on our carbon emissions that must be reported under current statute from this proposal is:

Emission Categories:	Increase in tCO ₂	Saving in tCO ₂
Scope 1 – Fuel – Building Heating	0	0
Scope 1 – Fuel – Transport	0	0
Scope 2 – Electricity	0	0

Environmental Implications

7.2 No material implications

8. Other implications and risks:

8.1 All parties will work together to identify, manage and mitigate risks on achieving the outcomes of the project. These shall be highlighted to the Commissioning lead as soon as identified and recorded in a joint risk and issues register.

8.2 The risk and issues register will be regularly reviewed and updated, not less than once every quarter.

Originator checklist (must be completed)	Please state 'yes' or 'no'
Has legal advice been sought on this submission?	No
Has the PCC's Chief Finance Officer been consulted?	Yes
Have equality, diversity and human rights implications been considered including equality analysis, as appropriate?	Yes
Have human resource implications been considered?	Yes
Is the recommendation consistent with the objectives in the Police and Crime Plan?	Yes
Has consultation been undertaken with people or agencies likely to be affected by the recommendation?	Yes
Has communications advice been sought on areas of likely media interest and how they might be managed?	Yes
Have sustainability and environmental factors been considered? (e.g. biodiversity, employee commuting, business travel, waste and recycling, water, air quality, food and catering and estates construction)	Yes
In relation to the above, have all relevant issues been highlighted in the 'other implications and risks' section of the submission?	Yes

Is this report a Confidential Decision?

No

If Yes, please state reasons below having referred to the [PCC Decision Making Policy](#)

Approval to submit to the decision-maker (this approval is required only for submissions to the PCQ).

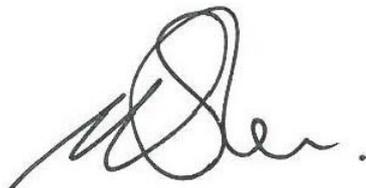

NOT PROTECTIVELY MARKED

Chief Executive

I am satisfied that relevant advice has been taken into account in the preparation of the report, that the recommendations have been reviewed and that this is an appropriate request to be submitted to the PCC
