** THIS DECISION NOTICE/GRANT AGREEMENT HAS BEEN WITHDRAWN **

OFFICE OF THE POLICE & CRIME COMMISSIONER FOR NORFOLK

Author: Stephanie Stearman  
DECISION NO. 2017/22

REASON FOR SUBMISSION: For Decision

SUBMITTED TO: Police and Crime Commissioner (PCC), Chief Executive and Chief Finance Officer.

SUBJECT: Grant for three years to the Matthew Project to provide a Drug and Alcohol Practitioner to work in the Police Control Room.

SUMMARY: In Norfolk one in three violent crimes (around 5,500 crimes) and domestic violence offences (6,000 incidents per year) are linked to alcohol, at least a third of acquisitive crimes are related to substance misuse and there are over two thousand drug offences per year.

Receiving the appropriate treatment for substance misuse results in up to a 55-65% reduction in offending and one study has found that people who complete treatment successfully show a reduction in convictions of 61%.

In Norfolk, the estimated cost savings in real terms for treating opiate users over a five year period is £70.4 million for crime services – which means that the treatment of drug and alcohol problems has to be a priority for both criminal justice and health agencies in Norfolk.

This grant provides for an extension of funding a skilled and experienced drugs and alcohol practitioner (DAAP) within the Norfolk Constabulary Control Room for a period of three years (April 2017-March 2020). The post is embedded within the existing Integrated Mental Health Team (IMHT) to complement services already being provided and enable the team to respond more effectively to cases of dual diagnosis whereby someone is affected by a combination of mental health and substance misuse problems.

The main roles of the DAAP are…….

- Provision of real-time advice, information and support to police officers, substance misusers and their families.
- Referrals to specialist agencies
- Development and delivery of training and awareness activity to Norfolk Constabulary, OPCCN, and partners who subscribe to the IMHT service to assist with early intervention.

NOT PROTECTIVELY MARKED
Outcomes:
- Improved knowledge of Police Officers/Police Staff when dealing with this client group.
- Improved liaison with the public.
- Timely and effective referral and signposting to support services
- Expedient clearing of caseloads
- Reduced number of repeat calls to Norfolk Constabulary.
- Reduced re-offending.
- Reduced risk, harm and vulnerability to the general public/community.

RECOMMENDATION: It is recommended that a crime and disorder grant of £108,430 is awarded to the Matthew Project to support the work of the Drug and Alcohol worker.

OUTCOME/APPROVAL BY: PCC

The recommendations as outlined above are approved.

NOT PROTECTIVELY MARKED
DETAIL OF THE SUBMISSION

1. OBJECTIVE:

1.1 To provide 'real time' drug and alcohol advice to police officers/staff, substance misusers and to their families, and local authority and health providers that subscribe to the IMHT Service. This improves police interaction with the substance misuser and leads to successful and timely referrals to drug and alcohol services where clients address the cause of their offending behaviour.

2. BACKGROUND:

2.1 In Norfolk one in three violent crimes (around 5,500 crimes) and domestic violence offences (6,000 incidents per year) are linked to alcohol, at least a third of acquisitive crimes are related to substance misuse and there are over two thousand drug offences per year.

2.2 Receiving the appropriate treatment for substance misuse results in up to a 55-65% reduction in offending and one study has found that people who complete treatment successfully show a reduction in convictions of 61%.

2.3 In Norfolk, the estimated cost savings in real terms for treating opiate users over a five year period is £70.4 million for crime services – which means that the treatment of drug and alcohol problems has to be a priority for both criminal justice and health agencies in Norfolk.

2.4 During 2015/16 a pilot was conducted that introduced a full-time DAAP into the IMHT in the police control room. This filled a gap in knowledge and provided real time support to police officers/staff dealing with a member of the public displaying symptoms of substance misuse.

2.5 There were a number of ways through with the DAAP supported police officers/staff, substance misusers and their families and other agencies.

- **Telephone** – calls are directed from 101 operators, police officers, partner agencies and members of the public.
- **Computer Aided Dispatch (CAD)** – communication officers are advised on current CAD's coming in to the control room. This allows for real time assistance to communication officers and police officers on the ground.
- **Face-to-face** – assistance to communication officers, communication supervisors and inspectors in the control room. Also contact via radio with officers at the scene of incidents to deal with the situations in a timely and effective manner.
- **Email** – servicing requests from police departments and partner agencies.
- **Early Help Hub** – assistance is provided to Early Help Hubs through the appropriate lead agency.
- **Training** – In 2016/17 - 17 training sessions were provided with approx. 20-30 attendees in each session and included new police officers, specials and control room staff.

3. AREAS FOR CONSIDERATION:

3.1 During the 8 month pilot of the DAAP in the IMHT in the police control room;
• The service was developed and a DAAP was recruited.
• 1121 calls were responded to where advice, information and guidance was given.
• The DAAP provided real-time advice to frontline police officers during 142 incidents.
• Whereabouts information on substance misusers was provided for people reported missing.
• Training was provided for 23 control room workers, 15 new police officers and 65 General Practitioners on behalf of Norfolk Constabulary.

3.2 Following the successful pilot, it was agreed that the provision of the DAAP in the police control room would be extended for a further 12 months to allow for the service to be further developed. After this period it was decided that the service be extended for three years.

3.3 During 2016/17 the DAAP provided:

3.4 Use of the service within Norfolk Constabulary continues to increase as the service builds momentum.

3.5 In the long term, efforts will be made to increase the skill sets of the nurses working in the IMHT to be able to offer advice on substance misuse, but until this is achieved the DAAP fill this important knowledge and service gap.

4. OTHER OPTIONS CONSIDERED:

4.1 Do not have a dedicated DAAP in the IMHT – this option was rejected as without the specialist support, real-time advice and support cannot be provide to police staff and officers.

5. STRATEGIC AIDS/OBJECTIVE SUPPORTED:

5.1 Effective referral and support for substance misusers in contact with the police can lead to a reduction in offending and anti-social behaviour and victimisation.
6. **FINANCIAL AND OTHER RESOURCE IMPLICATIONS:**

6.1 Funding from 1st April 2017-31st March 2020.
